WHO WE ARE

JB Dondolo, Inc. is a nonprofit organization founded by Dondolo's children in November 2012. The organization is named after the late father, JB Dondolo, an orphan, farmer, and humanitarian advocate whose values and principles on giving continue to inspire his children, friends, and families across the world. JB Dondolo played a critical role in the fight against poverty in his community and Dondolo's children saw the need to form this organization in honor of their father so his legacy of good deeds continues.

The background of the slide features a dynamic image of water splashes and droplets. The top half is dominated by bright yellow and white water droplets, while the bottom half transitions into a deep blue with white foam from a splash. Three light blue rectangular boxes are overlaid on the image, containing text.

OUR MISSION

Our mission is to remove barriers of access to clean water, sanitation, and hygiene in underserved and impoverished communities to reduce poverty and promote gender equity.

OUR VISION

Our vision is to see a world where clean water is not an obstacle to pursuing a better and more equitable life.

OUR VALUES

We believe in the legacy of giving and helping marginalized communities because we know everyone deserves the chance to have a better life. We believe this legacy will help advance equity, enrich lives, and create a positive ripple effect for future generations to come.

OUR APPROACH

At JB Dondolo, we finish what has been started but left incomplete due to hardships (death, illness, no means to fund). We work on the critical needs first and use an active listening approach to addressing needs by working with expert partners to make informed decisions and implement programs and innovations effectively, sustainably, and to scale. Our interest is in those projects that promote community growth and a better future for everyone.

Our current countries of focus are Zimbabwe and the United States. The truth is that regardless of whether a nation is industrialized or not, people in need are everywhere. Private and public agencies are there but possess limited resources and cannot provide for every community in need of assistance or basic necessities. This leaves a large segment of the low-income population with unmet needs that we are here to help with.

OUR GOALS

We are proud supporters of the United Nations and the Sustainable Development Goals (SDGs), and our goals are to help advance the following below:

SDG 1: NO POVERTY | TARGET 1.4

By 2030, ensure that all men and women, in particular the poor and the vulnerable, have equal rights to economic resources, as well as access to basic services, ownership and control over land and other forms of property, inheritance, natural resources, appropriate new technology and financial services, including microfinance

We believe that water is a human right and as a natural resource, we want to ensure its access as a basic service to all.

SDG 5: GENDER EQUALITY | TARGET 5.A

Undertake reforms to give women equal rights to economic resources, as well as access to ownership and control over land and other forms of property, financial services, inheritance and natural resources, in accordance with national laws

We recognize that to provide clean water, sanitation, and hygiene for all requires a gender lens focusing on women and girls as primary water collectors.

SDG 6: CLEAN WATER AND SANITATION

TARGET 6.1, 6.2 AND 6.A

By 2030, achieve universal and equitable access to safe and affordable drinking water for all

By 2030, achieve access to adequate and equitable sanitation and hygiene for all and end open defecation, paying special attention to the needs of women and girls and those in vulnerable situations

By 2030, expand international cooperation and capacity-building support to developing countries in water- and sanitation-related activities and programmes, including water harvesting, desalination, water efficiency, wastewater treatment, recycling and reuse technologies.

Water, sanitation, and hygiene is at the core of who we are and helping one another through international cooperation is how we have helped make a difference in the lives of many already.

A LETTER FROM OUR FOUNDER

2020 was a challenging year as we fought the COVID-19 pandemic. Like many of us, we rose to the occasion during these difficult times and shifted our focus to help those impacted by COVID-19. Our strategy was to take swift action and work more efficiently, allowing us to stay connected with the world. To that end, we did everything digitally through our online presence. We brought all our 2020 initiatives online and continuing to do so for the foreseeable future. To ensure we were efficient in our delivery efforts, we secured new external partnerships. I'm proud to say we emerged stronger as a team than we were before. We accomplished what some would deem impossible, especially during the pandemic.

Our impact continues to grow around the globe as we take on new projects. We remain strongly committed and focused on UN SDG 6: Clean Water and Sanitation and have made the decision to expand on our support and strategy to include SDG 1: No Poverty and SDG 5: Gender Equality so that everyone, especially women and girls, have opportunities to get out of the cycle of poverty.

We live in a digital age that is always forward-thinking, and thus we utilize technology in ways that allow us to stay connected with the communities we serve, monitor progress and report outcomes so that we can act proactively to resolve problems and implement solutions. As we move into 2021, we have strategically made the decision to continue our focus on providing water solutions while adding revenue generating activities to support the sustainability of our organization. JB Dondolo is on its path to build stronger communities and ensuring that families achieve healthy and dignified lives across the globe. We are excited to embark on this new journey and invite you in joining us to walk together.

Sincerely,
Lumbie Mlambo
CEO, President and Founder

DEMONSTRATED IMPACT

OPENING ASSET BALANCE: \$1,941.86

Total Revenue: \$101,855.64

Total Expenses: \$102,480.32

ENDING BALANCE: \$1,317.18

SOURCES OF REVENUE

ANNUAL EXPENSES (\$102,480.32)

TIMELINE OF IMPACT & ACHIEVEMENTS

IGUSI CLINIC | 2013-2019

- 20,000+ people at Igusi, Zimbabwe have access to clean water
- One filtration system installed + shed
- Clinic refurbished
- Kitchen for mothers-in-waiting - stove and sink installed
- Property fenced and gated with signage
- All doors and windows replaced
- All buildings painted + 2 nurse cottages and kitchen
- 250 books delivered with Just Us

PACIFIC OCEAN (5,500 MILES) | 2014

Staged events for Ben Lecomte's expedition to raise awareness about water pollution and the importance of living sustainably

VORTEX SWIM (371 MILES) | 2014

Helped to raised awareness with long distance swimmer Ben Lecomte to inspire change towards our relationship with plastic, to keep ocean water clean from Hawaii to California

LAKE GRAPEVINE | 2015

One lake cleaned with Keep Grapevine Beautiful, an event aimed at cleaning and raising awareness of keeping our lakes clean

HURRICANE HARVEY | 2017

200+ supply boxes packed/unpacked for Hurricane Harvey victims in Houston, TX

WATER RELIEF IN NEWARK | 2019

11,500 bottled water delivered in Newark, NJ as relief efforts

COVID-19 RELIEF | 2020

200 bottles of sanitizers distributed to Navajo Nation, AZ

GLOBAL WATER PARTNERS WATER CHANGEMAKER AWARDS | 2020

Made it to eligibility round of awards

GLOBAL WATER PARTNERSHIP | 2020

Attained UN Global Water Partner status

GEORGE H.W. BUSH POINTS OF LIGHT AWARDS | 2020

Lumbie Mlambo and Patricia Ellis honored in Points of Lights Awards

GLOBAL GOODWILL AMBASSADOR | 2020

Lumbie Mlambo honored as Global Goodwill Ambassador

PROJECT HIGHLIGHT: MUSIC FOR WATER

The Music for Water initiative represents a campaign that streams water and music together in aligning the mission of JB Dondolo with a higher calling. Raising funds to help provide sanitation supplies to the Navajo Nation with our partners Disinfect & Shield, Grand Mountain International Records, and United Natives, JB Dondolo created Music for Water to raise awareness about the need of access to water, sanitation and hygiene that the Navajo Nation did not have to protect themselves from COVID-19.

There exists a multitude of different musical competitions, however, “Music for Water” set itself apart as a charitable campaign that serves to leverage the “universal medium and ambassador” of music to ignite a greater awareness of the importance of clean water around the globe. The participation of each artist or artists has and will be instrumental in improving the quality of life for many. International audiences will also benefit from this campaign as the winning song and artist will serve as a protagonist and JB Dondolo ambassador to help fight for clean water and sanitation.

How much we fundraised: \$91K in cash and in-kind donations.

OUR IMPACT:

We helped the Navajo Nation (AZ) households during COVID-19 with 200 hand sanitizers and signed on 5 musicians for a one-time distribution deal with an international record label G.M.I.R. to give them visibility and advance their humanitarian songs while serving as ambassadors to help fight for clean water and sanitation. JB Dondolo got its theme song of the year which serves to ignite a greater awareness of the importance of clean water around the globe.

ABOUT OUR 2020 INAUGURAL WINNER:

Shawna Linzy is an Arkansas-native actress and musical artist, known for *Blind Trauma* (2021), *My Sweet Buttercup* (2020) and *Glory News* (2018). She has appeared in award winning films and her original music has been featured in film and podcasts.

Her singing gift was first discovered at the tender age of three by her mother. The second of three children, Shawna's natural talent was further developed with the aid of her father who devoted much time in training her voice and preparing her for competitions. At age 11, Shawna entered and won her first talent show with her rendition of Whitney Houston's "Greatest Love of All." She also created her own version of "The Lord's Prayer" which was copyrighted during the same year.

Shawna received a full four-year vocal tuition scholarship to attend Arkansas Tech University where she studied and obtained her Bachelor of Arts degree in Journalism/Public Relations. An active member of the university choir, Shawna was a featured vocalist resulting in her attainment of numerous competitions including: Miss Arkansas Tech University and Miss Lake Dardanelle winning both pageants and talent and interview portions. Consequently, she represented her university and the River Valley region as an official contestant in the Miss Arkansas Pageant, a caveat to The Miss America Pageant.

Shawna has since wrote lyrics to and performed the song "Jesus" which reached #1 on an online global music platform. She has performed at numerous engagements including an event attended by former Vice President of the United States (now President) Joe Biden. She recently released new music including the inspirational single "Let's Ride 2" and the single "Silent Night" from her upcoming collaborative Christmas album. Shawna now resides in Texas, home state to JB Dondolo, Inc. with her husband, Tim.

MUSIC FOR WATER WINNERS:

RANK	SONG	ARTIST	
1	Live Love	Shawna Linzy @shawnalinzymusic	
2	Drowning	Thuliso Dingwall @i.shot.omar	
3	Underwater	Sydney Cope @sydney.cope	
4	Hope	Tolulope Adesina @iamthatolu	
5	Water	Sarah Tshila Mohn @ugqueen	

PROJECT HIGHLIGHT: VOICES FOR WATER

Because at the center of who we are is our mission, JB Dondolo decided to make the big change from hosting our signature event, the Equanimity Awards Gala, to re-shaping it to become the Voices for Water Awards. The Voices for Water Awards celebration honored extraordinary water changemakers who significantly advance JB Dondolo's mission to provide access to clean water, sanitation, and hygiene to communities in need.

Those receiving the JB Dondolo Water Changemaker Awards were part of our inaugural cohort of Voices for Water honorees and because we still recognize and celebrate other individuals who make positive changes in their communities, we highlighted those who received the Presidential Volunteer Service Awards and the grandfathered Equanimity Awards.

To maintain proper safety during the COVID-19 pandemic in 2020, we hosted a livestream experience with our partner e360tv, giving everyone an opportunity to engage and be inspired to become change agents anywhere.

Lastly, we celebrate the hero in all our communities by allowing the public to nominate their hero for the 2020 Community Change Heroes recognition. This recognition is for any volunteer or agent of change that individuals want to appreciate and thank for their hard work.

PIPELINE: JB DONDOLO'S PREVIEW TO CURRENT & POTENTIAL 2021 PROJECTS

WATER RELIEF

Being part of the conversation and community engagement efforts in Newark to ensure clean water is available to affected areas and trust is sustained.

SWEET COMPASSION

Continuing our work led by 2 Bros. in the Kitchen to give thanks to our teachers for their hard work during the COVID-19 pandemic.

MUSIC FOR WATER

Starting our 2nd competition this April to raise awareness of our work across the world in a language that everyone speaks: music.

VOICES FOR WATER AWARDS

This is our annual year-end signature awards celebration of extraordinary water changemakers who significantly advance JB Dondolo's mission.

WATER FOR WIDOWS

Working in Matobo Hills with partners to provide access to clean water for a rural community of 6,000 mainly comprised of women and girls.

IGUSI CLINIC — SANITATION

Finishing what we started with WASH, we are in the next phase of working to bring sustainable sanitation solutions to Igusi Clinic.

PROJECT HIGHLIGHT: SWEET COMPASSION

We are living in unprecedented times. Times like these remind us of the values that are necessary to persist and persevere through such challenges. Chief among these values are empathy and compassion. With these attributes in mind, JB Dondolo along with its youth ambassadors 2 Bros in the Kitchen and partners Vi Bella and Disinfect & Shield launched the Sweet Compassion campaign which seeks to serve school teachers.

The purpose of the Sweet Compassion Campaign is to highlight the sacrifice and work being done by teachers nationally. These frontline workers embody the same spirit evident in the work that JB Dondolo is doing globally. As a way of saying “thanks” to these heroes, JB Dondolo with its youth ambassadors 2 Bros in the Kitchen, Disinfect & Shield, and

Vi Bella, have and are continuing to provide cookies, face masks, and hand sanitizers as a small token for the immeasurable sacrifice that these teachers are making on the front lines.

About 2 Bros in the Kitchen: 2 Bros. in the Kitchen does not just want a world filled with happy taste buds.

They want people to have happy stomachs and hearts too. Shane and Nigel Mushambi are two brothers, published authors, and entrepreneurs who are running their own dessert company in Missouri City. Mathematical geniuses and active members of MENSA, these two humanitarians are using their prowess in math and science to bake excellent goodies while partnering

up with nonprofit organizations to give back to the world. They have had an active role in helping that provide meals for homeless, toys for children and funds for medical care. Serving as JB Dondolo ambassadors since 2015 they are the leads of the Sweet Compassion campaign which will be running until year end of 2021.

AFTERWORD

Like ripples and waves that are made from pebbles falling in water, each of us has felt the waves of change by all the pebbles that have dropped in 2020. As time has shown us over and over though, humanity is resilient. During one of our most trying times, we heard and experienced stories of people rising to the occasion and making their own ripples. From raising funds to help our most vulnerable citizens with Music for Water to championing friends moved to help their communities with Sweet Compassion, I could not be more humbled and honored to have witnessed these ripples made here within our JB Dondolo family. Every act of kindness, every bit of support, and every thought given is what led us as an organization and as a collective society to this very momentum-shifting moment in history. So, thank you all for every ripple you have made as a force for good, and let's make an even bigger wave of change in 2021 together.

Yours in solidarity,

Rachel Svetanoff
